

I began teaching at SRB a number of years ago, but I'm not "just a teacher." This is my parish, my community, my home – where I have been a member for close to 20 years! I attended my very first festival in 1990 and haven't missed one since. Both of my daughters are proud SRB graduates. T-ball, scouts, Teddy Bear Parade, first communion, classroom parties, field trips, Thanksgiving Feasts, 5th grade science camp, Confirmation , 8th grade trip, Graduation, Field Days, school picnics, I've experienced it all! My years of participation as a SRB parent have provided wonderful memories that will last a lifetime.

Fourth grade is the place to be at SRB. We have fun and learn at the same time. Our classroom is bright, interesting and full of student-made decorations. Without even knowing how they did it, these fourth grade students become "Math Geniuses." The proof can be seen in the stars that periodically appear on their foreheads! We also read some of the very best novels in the whole wide world! Jerry Spinelli, Louis Sachar, E.B. White and Roald Dahl are just a few of our favorite authors. We read a wide variety of genres. SRB alumni still name some of these fourth/fifth grade books as among their favorites.

We also spend time learning new words, writing stories and reports, polishing our grammar skills, learning about the world around us and how it works, and what happened in "the olden days." We know that Jesus loves us – and we try to live our daily lives in a way that would make him happy. We are appreciative of our family, friends, classmates, a great school and parish, our happiness and health. Come join us, see what fantastic things are happening in 4th grade.
