

# Welcome to our St. Robert Bellarmine Preschool Program!

**It's a jungle in there! A jungle of fun!  
Check out our new mural and let your  
imagination carry you away to a world of fun!**

Our preschool room becomes a home away from home for the children as they learn and grow and we quickly become a family. Together, through strong communication between home and school we expand social skills, increase positive self image for the children, and create wonderful memories to build a solid base as they begin their educational career.

Besides bold colors and entertaining bulletin board displays, as you look around the room you will see areas of interactive centers that are both teacher-directed and child-directed. At these centers and in our group activities the children will develop a readiness for successful learning and social interaction.

Throughout the day I encourage active involvement in our classroom routines through play, meaningful experimentation and reinforcement through repetition. Our schedules are designed to balance structure and free choice, as well as active and quiet times.

We occasionally meet at community businesses for fun outings and we also have special VIP days throughout the year so the children can share their progress with their families. These are exciting and fun days enjoyed by all!

Our St. Robert Bellarmine Preschool Program will be a wonderful beginning in the amazing journey of your child's educational process and I will provide a safe, happy environment for them to learn in!

**Stop in for a visit...you will like what you see!**
